

Turn Around Companies (QoQ)

This data provides those companies that registered a net profit in the latest quarter but, had recorded a loss in the immediately preceding quarter.

The results of the data are filtered to remove small and illiquid stocks. The filter leaves only those companies that have a market capitalisation of Rs.100 crore in the last 365 days, were traded for more than 80 per cent of the last 365 traded days and have a liquidity of more than 10 per cent.

PAT refers to the profit after tax .
