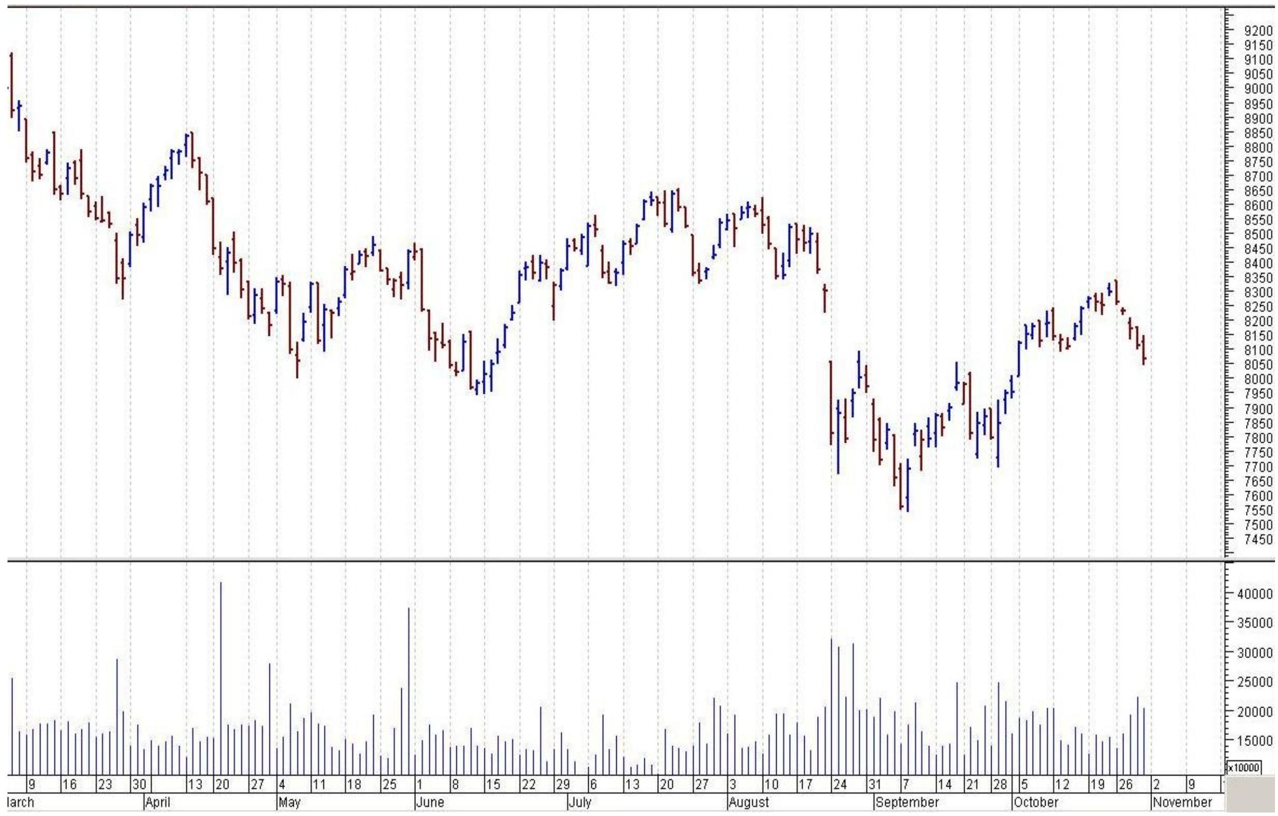
NIFTY CHART



MARKET COMMENTARY

Extending their losing streak for fifth straight session, Indian equity benchmarks ended the choppy day of trade in the red terrain with a cut off over half a percent as investors continued to sell off risky assets amid US Federal Reserve's statement putting into play a rate hike this year. Selling in last leg of trade mainly dragged the markets below their crucial 26,700 (Sensex) and 8,100 (Nifty) levels. For today's trade Nifty likely to trade in the range between 8095 – 8115 in the upper side and 8040 – 8030 in the lower side.
