NEWS & RUMOURS:

- **Gold (Spot Dollar) major support = \$1272/\$1240 & Resistance = \$1231/\$1357.**
- **Crude oil range->\$46 to \$56.**
- **Stocks, Bonds Rally as Inflation Debate Lingers: Markets Wrap:** - U.S. stocks climbed to record highs, Treasuries rallied and the dollar slipped after a core inflation reading slowed, adding to evidence that economic growth continues apace without stoking price increases.
- **Dollar Pares Losses after Strong UoM Report:** - The U.S. dollar pared losses against other major counterparts on Friday, helped by strong U.S. consumer sentiment data, although a disappointing report on U.S. inflation released earlier in the day continued to weigh. The dollar regained some strength after the University of Michigan said in a preliminary report that its consumer sentiment index climbed to its highest level since 2004 this month. The data came after the U.S. Commerce Department said retail sales recorded their biggest increase in two-and-a-half years in September. Some fear that a lower than expected increase in U.S. inflation could prevent the Federal Reserve from raising interest rates in December.
- **Oil rallies on Chinese import boost and Mideast tensions:** - Oil prices firmed on Friday as bullish news from strong Chinese oil imports to turmoil in the Middle East put Brent on track for a nearly 3 percent weekly gain. The developments added to other signs that the market was finally rebalancing after years of excess, but analysts warned that the 2018 balance was still shaky.
- **Gold Prices Extend Gains as U.S. Dollar Weakens:** - Gold prices extended gains to hit a more than two-week high on Friday, as the release of disappointing U.S. inflation data...
